#	Meal	Suggestions/ Comments	Food Service Officer's Response
1	Lunch	CNIC seems to not be able to accept my civilian funds. Please correct this deficiency. Adjust outdoor signage for picnics.	Unfortunately the policy makes it to where you can only eat once a month in the galley. However we do appreciate your patronage. We will look at the out door signage. Thank you for your feedback.
2	Lunch	Enjoyed the homemade buns! Best salad bar on the island. Ever considered house made dressings! Great staff- military and civilian.	So glad to hear that you enjoy the new home made hamburger buns. We will look at the idea of house made dressings. I will pass on the positive comment to the team. Thank you for taking the time to provide feedback.
3	Lunch	Pay attention to silverware condition and cleanliness. I cannot count the number I damn near chipped a tooth because of a bent fork in addition gross finding food bits. Make a line for card payees and other for BAS personnel. There have been multiple times half my break was spent waiting in line.	We apologize for the wait times at the registers. We will continue to look at new ways to speed up the process. We will take a look at the silverware to make sure there are no bent forks. Thank you for bringing this to our attention.
