### **THERE'S A PEST IN YOUR ROOM?! Better Call the Front Desk!**

To avoid insects/pests in your room, you must eliminate their survival sources (food, water and shelter) as much as possible. Sanitation habits play a very important role in pest prevention:

- Wash and put away dishes after use; ensure sink is dry and appliances are wiped down
- Ensure countertops are free of food crumbs and clutter
- Ensure floor is free of food crumbs and mop at least once a week
- Take out trash containing food items or if more than half full
- Throw away unneeded items (papers, boxes, old clothes, expired food)
- Periodically check for moisture problems (along window sills, in the bathroom, under the sink)

Call the UH Front Desk as soon as you see any evidence of pests in your room. Do not apply any kind of insecticides as our contractor uses Navy approved products only.

Residents Only small recyclable items such as bottles, papers, and flattened cardboards are allowed in the trash compactor area in Bldg. 2701. All other recyclables, appliances, furniture, motor oils, car parts, etc. is your responsibility to dispose at the Recycling Center on base or off base recycling located at N. Oak Harbor Road near Charles Porter Gate.

Remove your vehicles in all UH parking lots when going on deployment or they may be towed away. Use the fenced in long term parking lot located next to the Fitness Center. You will have to register your vehicle at building 385 (NASWI CO's bldg.) located at Charles Porter Rd., across the street from Wendy's.
