Your feedback is critical to evaluate performance measures and improve quality of housing services for NAS Whidbey and all CNRNW UH residents!

Smoke Detectors

Please do not remove or tamper with Smoke Detectors, they are there not only to protect you but all residents in the building. Tampering with smoke detectors is a Federal offense and you are liable to pay for replacement or repair.

Smoking

Please use designated outdoor smoking areas and approved smoking receptacles. Smoking and use of other tobacco products (including e-cigarettes, vaping, hookahs and chewing tobacco) are strictly prohibited in UH facilities.

Bicycle Registration Lost or Abandoned Bicycles

Just returned from deployment and your bicycle is missing? All unregistered bicycles in UH will be confiscated and stored off-site.

If your bicycle is missing, and you did not register it with UH Admin or the Front desk, contact the UH at 360-257-2799 or 5323 and we will see if your bicycle is in our abandoned bicycle storage.

All you need to register your bicycle is the serial number (usually located under the gears where the pedal is attached). After your bicycle is registered, you will receive a UH sticker and a special key card to the indoor bike locker.

When checking out of the barracks, you must take your bicycle and return the bike locker key card before your check-out can be finalized. Talk to the UH Civilian Staff for information about storing your bicycle.

DAY SLEEPERS

Residents with evening work hours will not be disturbed by management from 0730-1500 hours unless for emergency purposes or required maintenance work when no other arrangement is possible.

Residents must obtain written verification of night assignment from their command and submit to the UH manager who will provide an official notice for posting on room door.
