NSE Group Fitness Class Descriptions:

FEP (Monday/Tuesday/Thursday 1430-1530)

The Fitness Enhancement Program (FEP) is a command-wide NAVY program to improve fitness for the PFA in accordance with OPNAVINST 6110.1K. Using the NOFFS principles, Sailors will develop their strength, endurance and mobility through a programmed series of progressions designed and supported for each individual where they are.

Building a Base (Monday 1130-1230)

Hitting a plateau? Come learn a new take on strength and stability that will teach you how to create a solid base and crush your workouts through purposeful joint range of motion and muscular control while enhancing your endurance capabilities.

Cycling (Tuesday 0600-0700)

Get ready to experience an indoor road-relatable high-energy ride with both cardiovascular and strength training combined for MAJOR caloric expenditure. Tackle hills, sprints, and distance challenges with options for every rider, all while listening to great music! Let's ride, and sing if you wish.

Anatomy of a Lift (Tuesday 1130-1230)

Join us in developing a solid proprioception of how each lift affects the body's sense of movement, action, and location. Enhancing your mindmuscle connection will help you focus on the feeling of <u>every</u> rep recruiting the exact muscles necessary for deliberate muscular contractions so you never waste a workout!

Total Body HIIT (Wednesday 1130-1230)

This class is designed to build your cardiovascular fitness while improving your muscular strength and endurance. Come push your limits and walk away feeling strong.

Yoga (Thursday 1130-1230)

Yoga offers many benefits for mind, body and spirit. Join us while we combine physical postures, breathing techniques, meditation and relaxation to promote mental and physical well-being.

Suspension Training (Thursday 1630-1730)

This class offers a new piece to the equation in your work out journey! Suspension training is a simple yet ingenious way to make the most of confined and/or tight spaces. Targeting major muscle groups while recruiting balance and stability from smaller muscle groups. This class is sure to challenge all participants from novice to seasoned athlete.

Kettle & Row (Friday 1130-1230)

Come build your cardio endurance with rowing intervals and build your muscular strength with kettlebell movements. This total body workout will leave your muscles feeling strong!
